

# Time for real change

Fairness. Diversity. Compassion. Hope. These are the things that bring us together and make us stronger.

My priority is to make politics work, to show that real change is possible.

That means strengthening our health service, giving our children a world-class education, building affordable homes, making our communities safer, protecting our rural way of life and creating good jobs so the next generation has a future here.

It means supporting workers and families struggling with the cost-of-living crisis. It means having conversations, listening and planning for a new Ireland, a united Ireland.

People want us working together to prioritise these issues, and power-sharing can work if those involved are committed to it.

Good, progressive government can deliver for people. That is what Sinn Féin wants.

By working together, we can bring about real change.

Oibreoidh mé gach lá ar theann mo dhíchill leis an athrú sin a chur i gcrích.

I will work non-stop every day to make that change happen.

That is my commitment to you.

**Michelle O'Neill**  
Leas-Uachtarán Shinn Féin

# JEMMA DOLAN

Jemma Dolan was first elected as an MLA in 2017 and is the Employment and Workers Rights Spokesperson for Sinn Féin in the Assembly.

Representing a rural, border constituency and having grown up on a farm, Jemma continues to fight against regional imbalance and inequality as well as the negative impacts of Brexit and partition.

During her first term as MLA Jemma has made representations on your behalf on issues such as health, education, transport and infrastructural deficits.

Jemma successfully secured a Private Members Bill to ban zero hour contracts to outlaw unfair work practices faced by thousands of workers.

She has also worked alongside Áine Murphy in securing her Private Members Bill to ban fracking in the north of Ireland.

As a member of the Justice Committee, Jemma worked on a number of important bills, including the Domestic Abuse & Family Proceedings Bill and the Protection from Stalking Bill.

"The most important election in a generation will take place on Thursday 5th May. 100 years after partition, it will be a defining moment. You can make history. The days of the DUP holding back progress are over. Be part of securing a better future. Your vote can make the difference.

# WORKING HARD FOR FERMANAGH SOUTH TYRONE

## Ag obair go crua ar son Fear Manach Tír Eoghain Theas

It is time for real change. Working together we can prioritise health, housing and education and use the protocol to create better jobs in a stronger economy. We can build a modern progressive society based on fairness and equality. **Vótáil Jemma Dolan Uimhir 1**

### PLANNING FOR IRISH UNITY

Sinn Féin is the only party that is standing up against a British Tory government that seeks to impose a disastrous Brexit, dismantle the NHS and hike up your National Insurance contributions during a cost of living crisis. We can do so much better if we govern ourselves - It's time to plan for Irish Unity. It's time to establish a Citizen's Assembly on Irish Unity.

### INFRASTRUCTURAL INVESTMENT

Fermanagh has suffered years of infrastructural deficit. Sinn Féin will continue to fight to

- © Fully maintain and Improve our Rural Road Network;
- © Upgrade the A4 from Ballygawley to Enniskillen and on to Belcoo and the A32 between Omagh and Enniskillen;
- © Bring the Enniskillen Bypass to fruition;
- © Roll out high-speed Broadband to all residents and businesses;
- © Get investment in local Greenways including the Enniskillen to Sligo Greenway.

### TACKLING HEALTH WAITING LISTS

Health is a priority for Sinn Féin. Finance Minister Conor Murphy delivered £200 million extra to tackle health waiting lists. Sinn Féin is committed to

- © Making health the Executive's number one spending priority for the next three years.
- © Ensuring you can see a GP when you need one.
- © Work to ensure rural GP practices are supported and enhanced with multi-disciplinary teams.
- © Fight to ensure services at the SWAH are retained and enhanced. Especially the Stroke Unit and Neonatal Unit.

### GIVING WORKERS AND FAMILIES A BREAK

Rising living costs and fuel and electricity price hikes are placing huge pressure on ordinary people. The British Government Social Insurance hike will make things worse. In the Executive Sinn Féin brought in legislation to stop the Bedroom Tax and delivered £200 fuel payment for over 280,000 people. We are demanding the scrapping of VAT on energy bills to cut household costs.

### TÁ SÉ IN AM DON ATRÚ DÍLIS

Tá sé in am don athrú. Ag obair le chéile is féidir linn tús áit a thabhairt do chúrsaí sláinte, tithíochta agus oideachais mar aon le úsáid a bhaint as an bprótacal le postanna níos fearr a chruthú i ngeilleagar níos láidre. Is féidir linn sochaí nua forásach a thógáil bunaithe ar chothrom na féinne agus ar chomhionannas.
